YOUTH PROMISE ACT
H.R. 2721

HIGHLIGHTS OF LEGISLATION

- ✓ **The bipartisan Youth PROMISE Act will reduce crime and save money** by investing in a myriad of evidence-based youth and gang violence prevention and intervention practices – such as mentoring and afterschool programs – which are proven to engage and divert at-risk youth more effectively and at a lower cost than incarceration.
- ✓ **The Act empowers local “PROMISE Councils” to shape custom strategies that meet their community’s needs.** Councils will include representatives from schools, youth and parents, social and health services, nonprofits, courts, law enforcement & other stakeholders.
- ✓ **Strict Accountability & Oversight** – Funding tied to measurable success.
