# Walk for Peace

The Department of Peace Walkathon

***Help Create a U.S. Department of Peace!  
Join the National Walk for Peace in our  
community!***

***WHO:*** YOU, your friends, and others ready to literally walk the talk of *peace*.

***WHAT:*** A new twist on the traditional walkathon fundraiser!

***WHY:*** To raise awareness and money to support the national grassroots campaign to create a Department of Peace in the U.S. federal government.

*Legislation is currently before the House (H.R. 3760) and Senate (S.1756) to create a Cabinet-level Department of Peace that would research, articulate and facilitate nonviolent solutions to domestic and international conflict. The Department of Peace would be led by a Secretary of Peace and include a Peace Academy on par with current military service academies. You can help bring this vision to reality. Participate today!*
